LVN Program Description:

The Vocational Nursing Diploma Program is designed to enable students to acquire the knowledge, skills, and competencies related to enhancing the health and well-being of individuals. The Vocational Nursing student will learn basic nursing care skills to be competent in caring for acutely and chronically ill clients, with predictable health outcomes, in structured settings such as hospitals, skilled-nursing facilities, a clinic, doctor's offices, long-term care, corrections, home health care or for a nursing registry.

The program has classroom instruction and required clinical experiences to prepare the student to take the National Council Licensure Examination (NCLEX-PN) for licensure as a practical or vocational nurse. Those that pass qualify for entry-level employment as Licensed Vocational Nurses.
